Tropical Science

Volume 25, 1985

CONTENTS

Number 1

1 Editorial

3 A comparison of maize shelling methods for small-scale farmers
G.S. Pinson and D.J. Walker

19 Prediction of the protein quality of maize (*Zea mays* Linn) during storage by some biochemical parameters
O.E. Sowunmi and B.L. Fetuga

29 An analytical approach to the economics of small-scale charcoal production in developing countries
A.E. Smith

41 The use of formic acid prepared poultry offal hydrolysate made from poultry slaughter house waste in the diets of fattening pigs
D.H. Machin, D.A. Hector, G. Swann and W.H. Parr

51 Use of TDRI cross-draught gasifier for producer gas fuelling of small engines
A.C. Hollingdale, G.R. Breag and D. Pearce

61 Fermented fish products of South East Asia
M.R. Adams, R.D. Cooke and Pongpen Rattagool

75 News

Number 2

77 Editorial

79 Frozen storage of Indian mackerel (*Rastrelliger kanagurta*) and big eye (*Priacanthus hamrur*)
D.R. King and R.G. Poulter

91 Improvements to the dyeing of coconut fibre (coir)
A.J. Canning and C.G. Jarman

103 Wheat grain storage by rural producers in Southern China
F.V. Dunkel, Pu Zhe-Lung and Liang Chuan

117 Weight loss, firmness, colour and decay development of individually film-wrapped tomatoes
L.A. Risse, W.R. Miller and S. Ben-Yehoshua

123 Production and utilization of papain — a proteolytic enzyme from *Carica papaya* L.
N.H. Poulter and J.C. Caygill

139 The destruction of aflatoxin by ammonia: practical possibilities
R.D. Coker, K. Jewers and B.D. Jones

155 News

Number 3

157 Fermentation storage of acid liquefied speckled trout
G.B. Verburg and D.W. Freeman

165 A case study of the TDRI Carbonization and Waste Heat Recovery Unit: technoeconomic evaluation of the use of a prototype unit for the carbonization of coconut shell in Sri Lanka
G. Breag, A.P. Harker and A. Smith

189 Germination oil: market trends and prospects
S.R.J. Robbins

197 Review of the response of stored product insects to light of various wavelengths, with particular reference to the design and use of light traps for population monitoring
D.P. Rees

215 The application of economics to pre- and post-harvest pest control programmes in developing countries
M.J. Hebblethwaite

Number 4

231 Grey rot of cantaloupe: a new post-harvest decay caused by *Botryosphaeria dothidea*
B.D. Burton and R.A. Taber

235 Moisture sorption by soybeans and soybean dockage and its implications in bulk-storage of soybeans
N. Paster and M. Calderon

239 Developing a control programme to combat an outbreak of *Prostephanus truncatus* Horn (Bostrichidae: Coleoptera) in Kenya
S.K. Muhihu and G.N. Kibata

249 Repellancy and toxicity of some plant oils and their terpene components to *Sitotroga cerealla* (Olivier), (Lepidoptera, Gelechiidae)
S.R. Krishnarajah, V.K. Ganesalingam and U.M. Senanayake

253 Production of mince from whole small pelagic fish
A. Gelman, E. Benjamin and A. Herzberg

265 Evaluation of the colour and flavour of tilapia smoked with different wood types
A.A. Eyo

271 Formulated palm wine: sensory evaluation and its use in palm wine extension
S.V.A. Mmegwa, E. Balogh and P.O. Ngoddy

283 Post-harvest bookshelf

287 News

289 Indexes
